

Policy Statement on Soft Skill Development

In 21st century, the soft skills are a major differentiator, a sine qua non for employability and success in profession. The College plans to organise several certificate courses on soft skills with an objective to enhance communication abilities, interview techniques, cognitive empathy, time management, teamwork and leadership traits.

Soft skills are a blend of interpersonal communication and social intelligence skills that are highly required across all fields of career. The College intends the execution of following aims arranging soft skill Certificate Courses:

1. To enhance critical thinking and strategic planning by small tests, trials and group discussion methods.
2. To develop competence in interpersonal relationships while working with a team.
3. To nurture leadership qualities through activities and role plays.
4. To build a strong foundation of communication skills leading to professional efficiency.
5. To practice interview techniques through mock interviews and implementing on the feedback about body language, eye contact etc.
6. To create competent and sustainable professionals by training them through direct method along with audio visual aids.
7. To promote personality development of students by inculcating above mentioned skills.

Following Courses are under consideration of the College

1. Certificate Course on Research Methodology
2. Certificate Course on Language and Communication Skills
3. Certificate Course on Drafting, Pleading and Advocacy
4. Certificate Course on Civil and Criminal Laws for JMFC Aspirants
