Report on Parent-Teacher Meeting (PTM)

DES's Shri Navalmal Firodia Law College, Pune, organized a "Parent-Teacher Meeting (PTM)" on 21st September 2026 at the Legal Aid Room, SNFLC Campus under the theme *"Together for Better Learning, Brighter Futures."*

The meeting commenced at 11:00 AM and concluded at 1:00 PM, bringing together parents, guardians, and faculty members for a constructive institutional dialogue.

The primary objective of the session was to foster meaningful collaboration between the institution and parents, reviewing student academic progress and establishing a supportive environment for holistic personal and professional development in the legal discipline.

The session commenced with an extensive address by Principal Dr. Sunita Adhav, who warmly welcomed the gathering and elaborated on the college's academic and infrastructural facilities. The principal briefed the attendees on the comprehensive campus resources—including the specialized legal research library, modern classroom facilities, digital language laboratory, and institutional cells. Emphasizing institutional concern for the students, the principal addressed the complexities of today's changing world, highlighting how rapid technological and societal transformations impact young legal minds, and called for coordinated efforts to nurture resilience, ethics, and academic dedication.

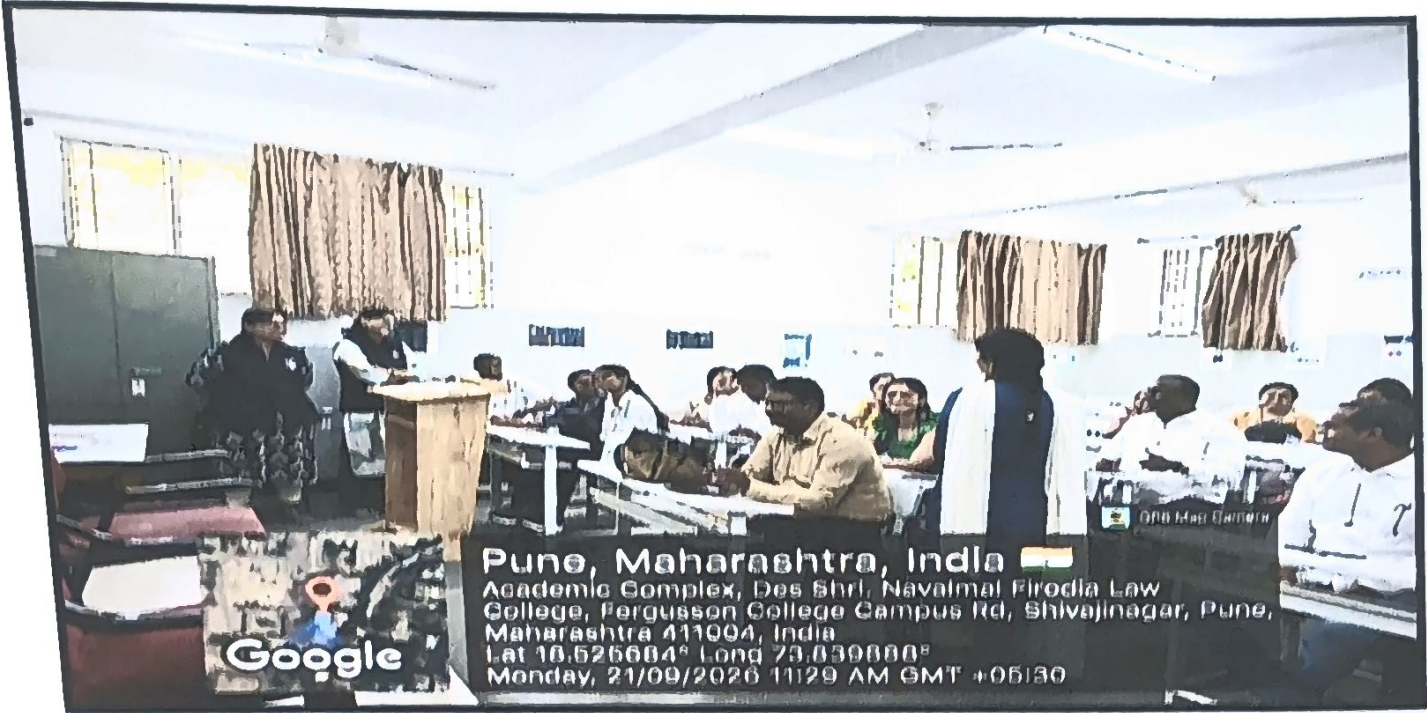

Following this, Dr. Aishwarya Yadav addressed the parents on essential aspects of student guidance and mentorship. The Vice-Principal underscored the critical importance of parents truly knowing and understanding their child, noting their evolving challenges, emotional needs, and individual inclinations. The address laid significant stress on maintaining consistent, empathetic communication within families and guiding students to discern right from wrong, choose positive influences, and maintain high personal integrity during their formative college years.

The programme was convened under the administrative leadership of the college authorities, followed by one-on-one interactions between parents and subject faculty to review individual performance, attendance, and clinical training engagements.
